

Dimension of board and locations for holes:

The board measure 24 inches wide by 36 inches long. Holes are 4 inches in diameter.

Dimension of board and locations for holes in simple text:

Get yourself a 1/2" piece of plywood that is 24" wide x 36" long. You'll need a leg assembly to hold the board up or you can lean it against a chair, etc.

Make your holes centered at the following points...

| Hole size: | Distance from left: | Distance from top: | 2" Label: |
|----------------------|----------------------------|---------------------------|------------------|
| 4" | 12" | 5" | 3 BASES |
| 4" | 7" | 9" | OUT |
| 4" | 17" | 9" | OUT |
| 4" | 12" | 13" | HOME RUN |
| 4" | 7" | 17" | 2 BASES |
| 4" | 17" | 17" | 2 BASES |
| 4" | 12" | 21" | 3 BASES |
| 4" | 7" | 25" | 1 BASE |
| 4" | 17" | 25" | 1 BASE |
| 8" x 5" rectangle | 12" | 32" | FOUL |
