

# Kentucky Ladder Golf Rules

- Each ladder is placed 20 feet apart, from upright to upright.
- A round consists of players tossing 3 bolos.
- Each player will toss 5 rounds, switch ends and toss 5 more rounds.
- Players alternate tossing their 3 bolos for each round.
- Team play will consist of 2 players, one at each end tossing against another team of 2 players.
- Points are determined by which rung the bolo wraps around. The top rung is worth 3 points, middle rung 2 points and bottom rung 1 point. If a bolo wraps around two rungs points count for each rung.
- Total points determine the winners.
