

P E N N Y B I N G O

8 PEOPLE AT EACH TABLE
\$1.10 IN PENNIES EACH PERSON
1 DECK OF CARDS for each table
1 DECK OF CARDS for the CALLER

There will be 10 games played

There will be 5 CUPS at each table: BINGO, 1, 2, 3, 4
In the BINGO CUP, you will put 1 penny
In the 1 CUP, you will put 1 penny
In the 2 CUP, you will put 2 pennies
In the 3 CUP, you will put 3 pennies
In the 4 CUP, you will put 4 pennies.

Someone at the table will SHUFFLE THE DECK OF CARDS and DEAL 5 CARDS to EACH PERSON. Each person will turn their cards face up in front of them. The CALLER will SHUFFLE the cards and begin calling. If one of your CARDS IS CALLED, TURN it FACE DOWN. The FIRST PERSON that turns all the CARDS OVER will YELL BINGO and will take the money from the BINGO CUP. (EVERY table will not necessarily BINGO. - That's how the money accumulates for the last game!)

The cards that are STILL FACE UP, discard them back into the center. The cards turned down are now turned back up! The CALLER will SHUFFLE the CARDS that have been called!! ONLY 4 cards will be called at this time. The FIRST one is for the #1 CUP, the SECOND for the #2 CUP, the THIRD for the #3 CUP & the FOURTH for the #4 CUP. Again NOT ALL TABLE WILL EMPTY THEIR CUPS. - If NO ONE at your table has the CARD CALLED, the money accumulate until the last game!

Money will now be placed in the cups again, the caller will shuffle ALL the cards and #2 game will begin. Continue through game #9 the same way!

ON THE LAST GAME: Play the same as before, BUT BE SURE EVERYONE KEEPS ALL THEIR CARDS. Place the unused cards back in the box. Sometimes new people forget and throw their card back in the center.

CALLER SHUFFLES all cards and starts calling. EACH TABLE HAS TO BINGO before going on the the other cups!! As each table BINGOS - they STOP PLAYING until all tables have bingoes. The CALLER, however, keeps calling from the deck and DOES NOT SHUFFLE THE CARDS! Ok all tables have now bingoes, so the people now throw away the FACE UP CARDS.

THE CALLER SHUFFLES ONLY the cards that have been called! (The other cards the caller has will never be used again. REMEMBER THIS) The cards now called are for the pennies in the #1 cups only. All TABLES have to empty the #1 CUP. Stop playing until all are emptied.

CALLER NOW SHUFFLES ALL CARDS CALLED for the #2 CUP and continues until all 2's are empty and so on until all cups are emptied.

Good Luck and Have a Good Time
REMEMBER to STAY FRIENDS!!!
